**7 Day Residential Retreat  
Regeneration Process Method  
in Ireland**

**June 28—July 5, 2024  
with Dr. Ame Cutler**

**Description:** · 7 Day RPM Residential Retreat Course—In-depth exploration of the 6 phases of the Regeneration Process Method [RPM] created by Dr. Ame Cutler. This course is designed to be personally regenerative and growth inspiring. Participants will be supported to go through each of the 6 phases of RPM while building community in a beautiful retreat setting. The week begins by exploring each person's commitment to systemic change and culminates in personal and communal regenerative action projects supported by the entire cohort.

"The process of regeneration has always been experienced as the essential step beyond sustainability. The act of regeneration is a participatory endeavour, one that affords a deep connection with Spirit and Nature, the seen and unseen community of all living beings." ~ Dr. Ame Cutler
